

RESTON TOWN CENTER ASSOCIATION

BOARD REPORT #8

April 2008

PRESENTATION ON PUBLIC ART MASTER PLAN PROCESS

A presentation to the Board was made by Ms. Meredith McKinley and Mr. Tod Bressi who have been hired by IPAR to draft a Master Plan for Public Art in Reston. Using a power point presentation illustrated with many different examples of public art, the consultants described the master plan process and schedule. In summary the master plan will present a vision for public art in Reston; recommend locations where public art could be most effective; propose a process and guidelines for how artists and artwork can be selected; and describe options for how projects could be funded. It was stated by several Board members that the RTCA Board recognizes the value of public art to the entire community and that is why RTCA has been an IPAR participant.
